BIDDING, CONTRACT DOCUMENTS, AND DRAWINGS

Sheet E100 Electrical Basement and Second Floor Plan

ADD the following note to the Sheet Notes –

“The overhead electrical service and secondary distribution power lines located in the alley along the west side of the building are to be temporarily relocated by We Energies to provide a minimum clearance distance from the building during construction. All related We Energies costs to be paid for from the project Allowances. We Energies has already initiated their engineering design for this work. The Contractor will be responsible for coordination with We Energies for implementation and scheduling of this work to be completed prior to the start of the Contractor's activities. After the Contractor's work has been completed, the Contractor shall coordinate with We Energies to return the overhead service distribution lines back to their original condition.”
